

Schools In Dixie May Close, Court Told

Note Of Defiance Sounded

Sharp Challenge From Warren

WASHINGTON (INS) — Spokesmen from two Southern areas hinted Tuesday that public schools might be shut down if the Supreme Court orders racial integration too rapidly and Chief Justice Earl Warren sharply challenged the veiled threat of defiance.

Public arguments before the Court grew slightly more bitter as the pro and con debate on procedures for implementation of the Court's historic decision of last May 17 continued for a second day. The Court last May ruled that school segregation in the nation was unconstitutional and is now preparing to decide what orders it should issue to enforce the decision.

Earl Warren

South Carolinian S. E. Rogers, appearing for Clarendon County School District No. 22, and Archibald J. Robertson, attorney for the Prince Edward County, Va., school board, warned that white parents in their sectors would refuse to send their children to school with Negroes even if the Court ordered it.

Warren Snaps Back

When Rogers made his assertion, the chief justice snapped, "It's not a question of conforming to an attitude but of conforming to a decree."

Robertson warned that if the high tribunal directs an end to segregation too abruptly, "Virginia schools may have to be closed" so that new state school laws can be enacted.

He also claimed there is a higher rate of social diseases and illegitimate births among the Negro population and because of this, "white parents at this time will not appropriate money to put their children with children of that background."

The latter argument was immediately dismissed as "immaterial" by Thurgood Marshall, leading legal spokesman for Negro groups involved in the controversy.

Marshall commented: "I didn't even bother to check the health figures. They are immaterial. The government can no longer tolerate this extreme difference in regard to race."

Attitude Criticized

He also hit at the attitude of the anti-integration attorneys as being the equivalent of telling the Supreme Court: "If you don't give us what we want, we'll close up the schools."

Virginia Attorney J. Lindsay Almond recommended that local school and state officials be allowed to work out the mechanics of ending segregation. He said: "We in Virginia and the South are facing impairment and possible destruction of our free school system."

Second Fire Victim Treated

Medical attendants are shown administering treatment to 80-year-old Mrs. Marie I. Mitchell early Tuesday after she was found inside her burning apartment at 2227 O. Later in the day, Mrs. Mitchell—whose condition had been called critical—died and became the second victim of the fire.

Robert Ford, 55, of 726 P, had been found dead on the sidewalk outside the apartment building at the time of the blaze. A third person, Walter Norval, 86, was found overcome by smoke and was still listed as critical by hospital attendants early Wednesday. (Star Staff Photo.)

32 Are Named To Top U Of N Honoraries PBK, Sigma Xi

Thirty-two outstanding University of Nebraska students were revealed Tuesday evening as new members of Phi Beta Kappa and Sigma Xi at the annual joint spring meeting of the two top-ranking honorary societies on the campus.

Prof. Paul MacKendrick, of the University of Wisconsin delivered the address. His topic was, "Contribution to the Classical World to Western Man."

Two students were elected to membership in both Phi Beta Kappa, national honorary scholastic society, and Sigma Xi, national honorary scientific research society. They are: James D. Lowell of Lincoln and Gerald M. Weinberg of Omaha.

Tow other students who were named to Sigma Xi Tuesday evening were:

Mrs. Emma Towle, Once Nebraska Resident, Dies

Mrs. Archie Towle died Monday at a hospital in Hays, Kan., according to word received by her sister-in-law Mrs. Ella Towle, of Lincoln.

Mrs. Towle was the former Emma Keegan of Fairmont, Neb. and formerly resided at South Bend, Neb. She was a member of the Royal Neighbors.

She is survived by her husband, Archie L., Glade, Kan.; a son, Harold V., Belleville, Kan.; a daughter, Mrs. Lowell Blair, Cozad, Neb.; one sister, Mrs. Agnes McNamara, Fairmont, Neb.; three grandsons and two grand daughters.

Funeral services will be held at 2 p.m. Thursday at Glade, Kan. and burial will be at Phillipsburg.

Stand Reaffirmed

The Lincoln local of the National Federation of Post Office Clerks voted Tuesday night to reaffirm its stand favoring a 10 per cent salary increase without any reclassification of jobs. The results of the vote were to be sent to the national headquarters of the NFP-OC. The vote was taken at a regular meeting.

School Redistricting Bill Sent To Floor

Added 'Teeth' In Reorganization Approved By 5-4 Committee Vote

By SALLY ADAMS
Star Staff Writer

A bill to put some teeth into Nebraska's school district reorganization laws was sent to the floor of the Legislature by a 5 to 4 vote of the education committee Tuesday afternoon.

A measure designed to reduce the power of the State committee on reorganization was indefinitely postponed by a 5 to 3 vote, with one member not voting.

The approved measure, LB 398, gives the state committee power to approve or disapprove school district reorganization plans submitted by county committees.

It also requires the county reorganization committees to submit comprehensive plans within two years after the effective date of the act.

If such a plan is not submitted, the state committee will dissolve the county group and a new county committee will be elected.

Don Kline, executive secretary of the Nebraska State Education Association, speaking in favor of the bill, said there is an urgent need for reorganization. He pointed out that Nebraska has one out of every 10 school districts in the entire United States.

Giving the state committee the power of approval or disapproval, he said, will lessen economic and social pressures on the county committee.

"Doesn't Take Vote Away"

"There is nothing in this anywhere to take the vote away from the people," he said.

An amendment offered by Kline, which would have called for the state committee to appoint a disinterested committee to prepare a comprehensive plan for a county which had not had a plan approved by Sept. 1, 1960, was tabled by the committee.

Bob Armstrong of the Nebraska Citizens' Council said: "We would be derelict in our duty toward more efficient government if we did not support the bill."

He pointed out that Nebraska is spending 48 per cent of its tax dollar for support of its school system. Greater efficiency in the use of public funds through reorganization could accomplish the greatest good, he said.

Ed Boettcher of Talmage said persons often "forget the problem of need. We look at it in dollars and cents."

Bill Criticized

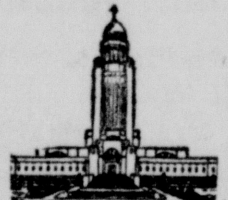

Speaking in opposition to LB 398 were Harvey Hess of Hebron, attorney for a group of Thayer County districts, and Robert Waring of Geneva, attorney for some Fillmore County districts.

Hess said the purpose of the bill "is to take away from the county committees any power and authority they have. Our present state committee has become the most arbitrary and most absolute dictatorship in the state of Nebraska."

The vicious thing about the plan, he said, is that there would be no provision for any appeal from its decisions.

Waring said the bill, in effect, "says country schools shall be abolished."

He was strongly opposed to the

Mrs. Strackbein Funeral Thursday

Services for Mrs. Katherine Strackbein, 63, 315 B, will be at 1:30 p.m. Thursday at Hodgman-Splain and at 2 p.m. at Frieden's Lutheran Church, Dr. Herman Goede officiating.

Mrs. Strackbein, a Lincoln resident the past 44 years, died Tuesday. A native of Russia, she belonged to Frieden's Lutheran Church and the American Forward Auxiliary.

Surviving are her husband, Jacob, daughter, Mrs. Warren (Bud) Burmood of Lincoln; sons, Jacob Jr. of Elwood, Neb., Peter of Long Beach, Calif., and Herman of Kearney, and two grandchildren.

Mrs. Strackbein

'U.S. Plot' Blamed In Sea Crash

TOKYO (Wednesday) (INS) — Red China today blamed the crash of a chartered Indian air service plane carrying Red Chinese officials to the Afro-Asian conference at Bandung, Indonesia, on a "murder plot" of United States and Chinese Nationalist "secret agents."

The Indian plane crashed Monday in the South China Sea. Six crewmen were reported rescued and 12 others aboard were reported missing. The Red broadcast said the victims included three staff members of Red China's conference delegation, five Red Chinese newsmen and three other Red newsmen — one Pole, one Austrian and one Vietnamese.

Peiping Radio, quoting Red China's Foreign Ministry, claimed that British authorities had been warned Sunday an attempt might be made to wreck the plane.

The Red broadcast quoted the foreign ministry as saying the crash of the plane was "by no means a common aircraft accident but a murder deliberately engineered by secret agent organizations of the U.S. and Chiang Kai-shek."

Fuel Fire Minor

A fire caused by ignited gas that was being used to clean a washing machine at the Bill Hohenfeldt residence at 6502 Logan, failed to do any damage or result in any injury. Firemen were called to the scene shortly after 9:30 p.m.

Salk Polio Vaccine Licensed

Continued from Page One

in a child—not named—who had taken only two shots and had a tonsillectomy during an epidemic of polio in his community.

Others Spared

Brothers and sisters were spared when polio virus insidiously struck down one member of a family. Only one of 233 vaccinated children developed polio from contact with the family. But eight out of 244 getting the dummy shots, picked up the nerve destroying virus this way.

The vaccine reportedly is incredibly safe and amazingly free from the kick of reactions which always affect some people no matter what the drug is.

These items in the report bore that out:

Just 931 slight reactions among the vaccinated children.

Only 939 slight reactions among some 210,000 who received the dummy shots of a completely inert watery material which was harmless.

The most striking protection came against bulbar type polio, one of the very worst.

Definite evidence was found that the vaccination often made the disease less severe, with less residual or remaining paralysis.

And evidence also was found that antibodies created by the vaccine persisted for at least four to five months after the three shots had been given. The vaccinated children might still be immune.

On this point, Dr. Salk believes that the longer spacing between shots will extend the immunity indefinitely, perhaps for years.

Indeed, he thinks, the triggering set up by the vaccine shots can make a child so "sensitive" he will begin pouring out antibodies whenever the virus invades his body.

Dr. Salk also recommended that children vaccinated in the 1954 tests get another shot as a "booster" to shoot up their protection.

Only time will tell how long the immunity actually lasts.

Standing Ovation

The quiet, unassuming, self-possessed, young scientist — whose three sons were among the first children ever to get the vaccine — was accorded a standing ovation by 500 distinguished scientists and physicians, gathered in the flood-lit auditorium of a University of Michigan building.

Even as the dramatic "It works!" news of the Francis report was flashed out—from a bedlam of a press room — preparations had been made to start vaccinations quickly, broadly.

Enough vaccine is expected for 30 million children this year.

If Dr. Salk's two-shot plan is followed, this amount could cover nearly 45 million youngsters.

The National Foundation will supply, free of charge, enough to give a three shot series to nine million first and second grade school youngsters, plus some in the third grade who participated in the tests last year.

Doctors will probably have enough for 21 million children and for pregnant women who are especially susceptible to polio.

It would be up to medical societies, or individual doctors, to decide whether to give the two-spaced shot or three bunched together. No word was available whether this would be done.

Vaccine sold commercially is expected to cost from \$4.20 to \$6 for the three-shot course. Doctors' fees for giving it would be additional.

A plea for adults not to storm doctors' offices to get the vaccine for themselves came from Dr. Dwight H. Murray, Napa, Calif., chairman of the American Medical Assn.'s Board of Trustees.

"Give the children priority," he declared. While private physicians have to buy vaccine, "there is no reason why any patient has to be denied the vaccine for financial reasons," he said.

Dr. Salk told a news conference that vaccinations could be given during the summer when polio usually is raging. Giving the shots "would do more good" than not doing it if the vaccine is available, and if a child does not have any fever at the time.

Results of the great voluntary mass testing last year might have been even more heartening except for a few facts, he said.

One was that different batches of the vaccine varied in their potency due to differences in the way they were prepared. This can be avoided now by better standardization of the vaccine.

Pocket Money For Elderly Defeated

Another attempt by State Sen. Sam Klaver of Omaha to provide old age assistance beneficiaries with extra money for the purchase of incidentals was defeated by the public health committee Tuesday.

The committee voted 4 to 2 to kill Klaver's bill, LB 366.

The measure, in its original form, provided a five dollar monthly old age assistance increase with the use of the money to be determined by the State Welfare Department.

But Sen. Klaver, author of most of the Legislature's welfare measures, asked the bill to be amended so that a three dollar monthly increase would be specifically earmarked for sundries. Included in that category would be haircuts, cigarettes, and chewing gum.

A Klaver resolution recommending a two dollar like for sundries was defeated narrowly on the floor of the Legislature last month.

The ceiling on old age assistance payments now is \$65 per month.

The public health committee sent to the floor LB 375, establishing in name only a college of veterinary medicine at the University of Nebraska.

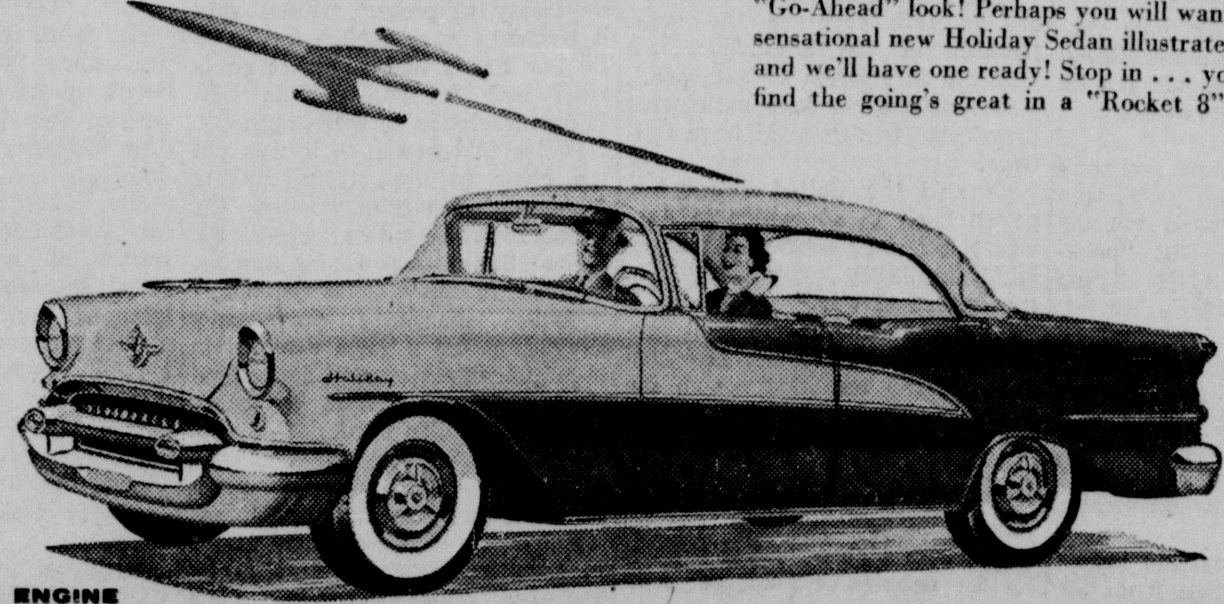

The bill is designed to enable Nebraska to contract with other states for the schooling of its budding veterinarians.

Sweet Music

Nebraskans Tuesday could say that the sweetest of sweet music was the patter of raindrops on the roof. In the western counties where dust had been flying and wheat prospects were on the verge of deteriorating, the rain changed quickly to snow and in restricted areas the heaviest moisture since fall of last year was received. In the central part and in the east, it was rain. Rain or snow, the sudden unheralded storm

could not other than paint a bright outlook. Nebraska's wheatfields in 1955 were seeded under ideal conditions in the fall of 1954. August had been most generous in preparing soil, with 11 inches of rainfall in much of the eastern and central sections and less but substantial amounts in the west. Thus it was that the crop germinated under ideal conditions, with prospects for 1955 unusually brilliant. We can be thankful for a million-dollar April storm.

The Long-Range View

One can expect that a great deal of good in the long long years to come will emanate from the actions of Lincoln's newest institution—the Lincoln Foundation.

The foundation took its first steps this week, attending to its incorporation, its first officers and its declaration of permanent intention. It proposes to be the recipient of such gifts as civic-minded citizens wish to give and to use the benefits for the good of the community. It provides an agency of continuing management enjoying unusual freedom of action to go about doing community good with the least of difficulty and the maximum of timely judgment.

The foundation idea is not a new one. Communities, schools, charities and human welfare agencies have long known its helpfulness. But the popularity of the foundation in this region is a mark of a new and mature conception of Midwest culture.

It was not many years ago—slightly less than a hundred—that this was nature's country. The organizing touch of American society was not

felt. Then came the period of development. The settlement of today became the village tomorrow and the city soon thereafter. In the rush of growth and expansion, it was the short-range planning that counted most. Each day financed itself, thought itself through until sundown. Tomorrow would be another day.

But the region is maturing. It has time now to think of tomorrow—to think in terms of a hundred years—even longer. So long as America stands, it can be assumed that the communities we live will be here. They will become venerable. They will quit thinking so much in terms of one day or the next and will think more in terms of great time.

The foundation fits that kind of thinking. The accumulating investments of years finally endowing the community with annual income to meet the needs of community adjustment and improvement are the wise and permanent way. There will always be the needs of the day to be taken care of on the day but the time has come for that long-range preparation, too.

Another Bright Milestone

There was another shining, bright, white milestone Tuesday in the battle by medical science against disease. It emerged as a result of the announcement that the Salk polio vaccine is safe, effective, and potent.

There are no words to do justice to this scientific triumph over a dread disease which has been exacting an increasing toll in America, and for which medical science had no preventative answer until Dr. Jonas E. Salk of Pittsburgh after months in the laboratory developed a vaccine against the most virulent type of the disease, bulbar polio, as well as others less dangerous. Even while the results of the test program were being announced, results so convincing as to inspire 400 fellow scientists to give

Dr. Salk a standing ovation Tuesday, he himself expressed a belief that the vaccine potentially is almost 100 per cent effective and can bring complete triumph over polio and the terror that it has inspired.

As to the effectiveness of the vaccine, the report on the results speaks for itself. Of the 1,800,000 children in the test program, 1,013 cases developed. That covers all children, including those inoculated with the vaccine, those given dummy shots, and those just observed. In areas where vaccine and dummy shots were used interchangeably, 482 out of 749,236 came down with polio. In observed control areas where only second-graders were inoculated, 585 out of 1,080,680 children developed polio. A comparison on a limited scale was even more convincing. Only 113 cases of actual polio occurred among vaccinated children, with 71 developing paralysis. But 750 cases of proved polio occurred among non-vaccinated youngsters or incompletely vaccinated ones, and 445 of them were paralyzed.

This could turn out to be the end of a long fight which has had medical science scratching its head for years. In practical results, it appears to be of greater importance than the preventative steps which have enabled medical science to remove the sting from other diseases previously looked upon as unsolvable.

There was one other interesting reflection in connection with the announcement. The vaccine, it was said, had not been patented by Dr. Salk, which meant that his compensation for its development consisted solely of the great contribution he had made to science.

One Out Of Twelve

It wasn't very encouraging news, coming right after Easter and during the nicest bits of spring weather one could wish for.

The Nebraska Psychiatric Institute sent out word that 250,000 Americans will enter mental hospitals during 1955. It went on to say that at the rate things are going now, one out of every 12 born this year will wind up in some mental ward.

This business of the American mind cracking up under the pressures of atomic-age living seems to have become significant enough to merit a special week for its observance each year—May 1-7.

Nebraska will observe the occasion with special dedication exercises for its new \$1.5 million institute building on the University of Nebraska Medical campus at Omaha. It is reassuring that the state is cognizant of the mental problems of its citizens and is endeavoring in one way to deal both with the cause and the effect. But prevention is still the best defense. Minds so poorly adjusted against reality are a sign that either reality itself has become an untenable thing or that education for life, elaborate as it maybe, is being aimed in the wrong direction.

That New Tube

The Bell Telephone laboratory has announced that it has developed a special two-inch tube that will make intercontinental television a cinch. The invention forecasts the day when we can sit in our parlors and view the activities of the moment in Paris or London or Athens, and the world in turn can keep up on American baseball. We don't know how that will finally work out. We are having a hard enough time getting along with our international neighbors by seeing them only now and then. And we would hate to get into it with Russia, say, over some umpire's decision in the World Series.

Lady Astor Gives Hint To Stevenson

WASHINGTON — When Lady Astor was in New York last week she had a telephone conversation with Adlai Stevenson, whom she admires. It went like this: Stevenson: "I'm leaving in a few days for South Africa to make my fortune."

Lady Astor: "I never heard of such a thing! The best way to get rich is to marry a wealthy widow. And I'm available."

Stevenson: "I'll be right over!" Stevenson leaves April 18 to spend about a month. He will visit Kenya, Uganda, the Belgian Congo, South Africa and the Gold Coast.

The firing of Ed Corsi as assistant to Secretary Dulles on immigration shows two significant straws-in-the-wind in Washington. They are:

Straw No. 1. — Tom Dewey, for two years the closest man to Ike, is no longer close. Dewey put his old campaign manager, Herb Brownell in the cabinet; his press relations man, Jim Hagerty, on the White House staff; another associate, Tom Stevens, on the White House staff; and a partner in his prospective law firm, John Harlan, on the supreme court. But Ed Corsi, who was in Dewey's cabinet as industrial commissioner for ten years, got fired.

Straw No. 2.—Dulles is still letting congressmen dictate his foreign policy. He doesn't call the tune himself.

During Dulles' first two years in the State Department he listened attentively to the threats of Sen. McCarthy. If McCarthy even whispered, Dulles bowed. McCarthy is hoarse today and few people are listening, but Dulles is still bowing to congressmen.

In Corsi's case it was Congressmen Francis Walter, Democrat of Easton, Pa., with an indirect assist from Sen. McCarthy's pal, Scott McLeod. To appease McCarthy, Dulles two years ago put McLeod in charge of security and immigration. Three months ago Corsi was appointed over McLeod's head. And it was a neat double-play—a smear leak from McLeod to Walter—that got Corsi fired.

Corsi is no fly-by-night Republican. Coming to this country at the age of 10, he served as commissioner of immigration under Herbert Hoover, ran as GOP candidate for mayor of New York, is one of New York's leading citizens. He does not deserve to be sacrificed.

MARQUIS CHILDS

Dulles Action Stirs The Political Waters

WASHINGTON — In dismissing Edward J. Corsi from his post as immigration adviser Secretary Dulles has stirred up a political hornet's nest that will go on buzzing right into the campaign of 1956.

This is not just another security case, such as those that Dulles has ridden out during the past two years. The big difference is that Corsi has a loyal political following. In other words, he is not a defenseless bureaucrat tossed to the political wolves.

First and foremost, as a citizen of Italian origin he had made a distinguished name for himself in New York state. As the climax to a long career of public service he became former Governor Thomas E. Dewey's industrial commissioner, a post he held from 1943 to the end of Dewey's term in 1954.

During those 11 years he established wide political contacts throughout the Republican organization in New York. This was true particularly among citizens of Italian origin. The professional politicians who study these matters say that there is no group of voters today so cohesive as the Italo-Americans. This is one reason they are a powerful factor in the populous states of the Eastern seaboard.

It was against this background that Corsi, at Dulles' invitation, came to Washington to try to break the red tape and the prejudice that have made it virtually impossible to bring in refugees under the immigration act supposedly adopted for that purpose. Corsi had campaigned for Dulles when he was running for the Senate in 1949. During that campaign Dulles, speaking at Genesee in upstate New York, made a statement that had loud and angry repercussions in New York City. He said in a speech:

"If you could see the kind of people in New York City making up this bloc that is voting for my opponent, if you could see them with your own eyes, I know that you would be out, every last man and woman of you, on election day."

In response to indignant protests Dulles said later that he had meant that you could tell there were Communists in the audience, but his Democratic opponent, Herbert Lehman, rejected that explanation, saying it was obviously impossible to tell Communists from their faces in a crowd.

This remark had a bad effect on the Republican candidacy in New York City and it is being re-

Much more important than Corsi, however, is the principle — the Dulles policy of bowing to congressmen. Every time a congressman crooks a little finger, Dulles puts on an appeasement somersault.

Far more important than Corsi is the peace of the world. And what John Foster Dulles is doing is letting congressmen dominate foreign policy in such a way as to upset the peace of the world.

For when Anthony Eden proposed that England would guarantee us in Formosa if the U. S. would not guarantee Quemoy-Matsu, provided a plebiscite were held on Formosa, Dulles immediately ran up to Capitol Hill to ask Sen. William Knowland of California if he had any objections.

Dulles did not decide the Eden proposal on the basis of what was good for the American people and the peace of the world. He decided it on the basis of whether Sen. Knowland would cause him trouble.

Senator Knowland did threaten trouble. He told Foster Dulles that if the British plebiscite idea was adopted, he, Knowland, would make a speech on the Senate floor denouncing it. He knew, as everyone in the Far East knows, that Formosans hate Chiang Kai-Shek, that his executives shot 60,000 of them on one of the most bloody massacres since the war; and that any plebiscite would go overwhelmingly against him.

So the Eden plan, aimed at getting the U. S. off a hot spot which might precipitate World War II, was vetoed — all because the Eisenhower administration bows to congressmen who threaten trouble.

WASHINGTON PIPELINE

Bitter Gen. MacArthur refused to join in praising Sir Winston Churchill when he stepped down as British prime minister. He blames Churchill for persuading ex-president Truman not to bomb across the Yalu. . . . Secretary of State Dulles has withheld information on the Chinese-held American fliers from Senate Republican Leader Bill Knowland, who is clamoring for their release. Dulles received a note from UN Secretary-General Dag Hammarskjöld in February, saying the Reds were ready again to negotiate an exchange. The note mentioned May as a possible release date. However, Dulles feared a Red propaganda trick and put off negotiations. Now he's withholding these facts from Knowland.

DORIS FLEESON

Corsi Firing A Blow To GOP

EDWARD J. CORSI

WASHINGTON — There is little doubt that Secretary Dulles is the most political of the long line of secretaries of state. What observers are wondering about is the current direction of his politics.

His sudden firing of Edward J. Corsi as his assistant in charge of immigration matters and his almost-simultaneous appointment of Miss Francis Knight as chief of the important passport division indicate to some that he is out of step with the administration in dealing with matters tinged with McCarthyism, a word almost unheard lately in the federal city.

Mr. Corsi is a liberal in the La Guardia tradition. Miss Knight has been accused of being one of the State Department employees who passed information to the Wisconsin senator during his investigation of the Voice of America. Mr. Corsi, refusing even the blandishments of GOP Chairman Leonard Hall, who had hoped to persuade him to accept another job, is retiring to his small New York farm to lick his wounds and think deep thoughts about Republican ingratitude. Miss Knight, on the other hand, moves into a job where she will have very nearly final say as to which Americans are to be allowed to travel abroad.

Democrats are deeply puzzled as to why Secretary Dulles thought

it necessary to appease Rep. Francis Walter of Pennsylvania. Mr. Walter once belonged to the small coterie of House members who appeared slated to eventual positions of leadership. Somewhere along the line, however, he lost this distinction and has become something of a lone wolf in his party. In 1952 while campaigning in Pennsylvania Adlai Stevenson notably made no appearance with Rep. Walter, whose connection with the McCarran-Walter Im-

migration Act had made him distasteful to many Americans of foreign birth.

Secretary Dulles has concerned himself greatly of late over "paper tigers." The Democrats say that in appeasing Rep. Walter he has himself given in to a paper tiger.

Mr. Corsi is probably a more important Republican than Rep. Walter manages to be as a Democrat. Corsi has been a Republican candidate for the mayoralty in New York City. He has been an important official during the administrations of former Governor Dewey. He is the leading Italian-born Republican in a state that has a population of Italian descent well above a million.

Mr. Dulles's actions have been a blow not only to Mr. Corsi but to New York Attorney-General Jacob Javits. He had made himself a natural candidate for higher office by beating young Franklin D. Roosevelt last fall. Before him then lay the possibilities of running against the venerable Senator Herbert Lehman or for the governorship against Averell Harriman, should he run again. But a large defection of votes in the Italian community would be difficult to overcome.

To Improve Industry

Blair, Neb.
To the editor of The Lincoln Star: LB 92, the so-called "egg law" which is near final action in the Nebraska Legislature, is a bill designed to improve the quality of eggs made available to the consumer, as well as to stabilize prices of eggs to the farmer in Nebraska.

The moving force behind this bill is the Nebraska Hatchery Association. Surely these people would do nothing or suggest nothing that would work to the detriment of anyone connected with raising or eating eggs. Chickens and eggs are their "life blood."

One of the opponents of this bill is a large egg buyer, he admits. It has been quite obvious that he has made money on eggs, while the producer hasn't. Naturally, he would be satisfied with things continuing as they are.

I would prefer to string along with the sponsors of the bill. I do not think they would push anything that would be detrimental to our chicken industry.

DEWEY NEMETZ

No Neutral Ground

Wymore, Neb.
To the editor of The Lincoln Star: I have been reading an article about which quite a few Nebraska citizens have been wondering, viz., if the people elected jellyfish or men to the Legislature, those who don't have the intestinal fortitude to "stand up and be counted" when it comes time for a decision on such matters as this measure of tax on beer and liquor. If a man or woman asks the electorate to send him or her to represent them in the Legislature, such person should be willing to stand out either for or against any bill that is up for consideration. There can be no neutral ground. People generally hate an attitude of indifference or "straddle-the-fence" way of getting by.

And then, too, people will not forget the legislators' position on the matter of increases for old age recipients—only \$2—but they can vote raises in salaries for every Tom, Dick and Harry in state and county offices. Of course, the old folks wouldn't have gotten the raise if it had been provided, as the welfare—or "lack of welfare"—people would have seen to that, because the old folks are on a "need basis."

Mr. Cecil Matthews of Hastings expresses our sentiments on these subjects pretty well.

L. H. BRIANT

Thank You

Lincoln, Neb.
To the editor of The Lincoln Star: We surely appreciate the fine support given by The Star to the Lancaster County rural campaign for funds. The interest and splendid presentations contributed substantially to the success of the campaign. On behalf of the Red Cross chapter and its large rural membership, many thanks.

He's never asked his form of creed.

Who hurries to the left or right
To share another's desperate plight
Is welcomed, be he black or white.

When peril strikes, by night or day,
The narrow barriers fall away;
We're brothers all, however we pray.

STAN DELAPLANE'S

POSTCARD

For many years I dreamed of a peaceful little home in the country. Nothing gaudy, you understand. A modest home. The sighing of the breeze among the buttercups. The twitter of song birds in the hollyhocks.

By a good deal of frugal living, I achieved this goal.

I did not live frugally but my banker did, thank goodness. By piling up the ready, he was able to lend me what I needed. A pillar of charity my banker.

I selected a quiet spot. The breeze sighed softly and I auditioned the birds. All on key.

I equipped this nest with every labor-saving device known to man who edits the women's magazines. I shouldn't be bothered with labor while harking to Nature.

What happens? When you turn on these gadgets you CAN HARDLY HEAR YOURSELF THINK?

I have a washing machine. This is very handy. You toss in the socks. The machine goes CHURN, churn, CHURN, churn, CHURN, churn.

It sounds a good deal like a Model-T Ford going up a hill.

When the washing machine goes off, the labor-saving dryer goes on. The dryer has a steady mmmmm mmmmm. For some reason, it is in sympathetic tune with a chandelier. The chandelier has a metal shade that rattles in tune with the dryer. Click, click, click, click.

An electric fan draws the heat and smoke off the stove. Wheeeee.

April Snow Big Aid To Panhandle's Wheat

Last Month Driest March In 15 Years

The State-Federal Crop Service reported the April snowstorm in the Panhandle will go a long way toward improving the winter wheat crop after the driest Nebraska March since 1930.

The winter wheat crop in the western third of the state showed "slight deterioration" last week.

However, crop statisticians said that the rain followed by snow Monday night and Tuesday has created an "improved outlook" for that area.

The report said the crop has fared better than would be expected after eight weeks of dry, windy weather. Some damage last week was reported on late planted wheat.

Eastern Crop Good

The eastern Nebraska crop was reported in good shape although a need for moisture was indicated in that area also.

In addition to showing less precipitation than any March in 15 years, the past month experienced unseasonably cold weather from March 20 to 26 with high winds and good sunshine throughout the month.

The crop statisticians said that spring field work showed considerable progress last week with the rise in temperatures.

77% Oats Sown

By week's end, 77 per cent of the spring oats had been sown compared with 28 per cent the previous week. Some of the early oats were reported up in southeast Nebraska.

Only 36 per cent of the barley crop had been sown. Most of the state's barley is grown in the Panhandle, and the dry, windy conditions there last week slowed progress.

Some eastern Nebraska farm land was reported ready for planting.

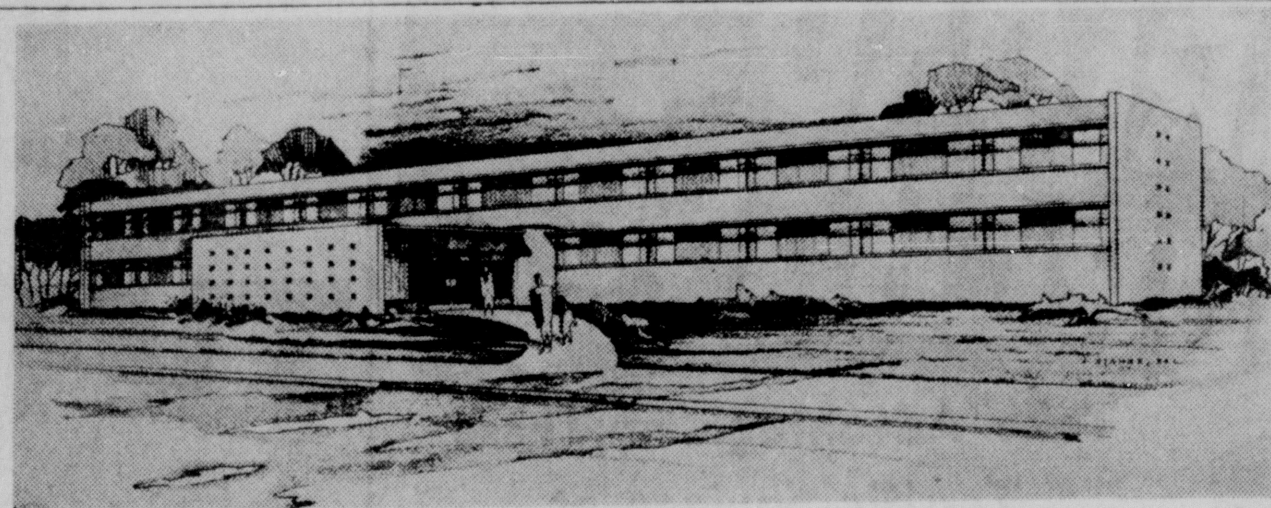

Alfalfa as well as pasture and wild hay conditions deteriorated slightly during the week with the need for more moisture.

Precipitation throughout the state during the past week included:

Valentine	1.16
Central Division	1.16
Western Division	1.16
Chadron	0.04
Scottsbluff	0.09

Mennonite Hospital Plans Are Approved

An architect's drawing of the new Mennonite Hospital to be built at Beatrice is shown above. Construction is expected to begin this summer. The board of trustees

have approved the plans for the two-story structure containing 30 patient rooms. Cost of the building is estimated at \$600,000 with about \$240,000 coming from

federal funds. A token appropriation of \$10,000 has already been made, and \$270,934 has been raised locally. (Drawing Special to The Star)

Only 2 Weeks Benefit Seen From Soaking

Nebraska's dry southwest, despite heavy moisture soakings Monday and Tuesday, will get only about two weeks' benefit from the rain and snow.

This was the report of K. E. Logan, State-Federal agricultural statistician in Lincoln.

However, Logan said, the moisture will stimulate pasture and wheat growth to help anchor the soil from wind erosion.

Logan said that, prior to the rain and snow, there was potential danger of wind erosion, due to lack of moisture.

Started to Burn

In Dundys County, County Agent Leo Barnell said the wheat had started to burn because of the drought. He estimated that 1 to 2 per cent damage had resulted so far from burning.

Logan said the third and fourth feet of subsoil in the southwest area is lacking sufficient moisture to bring on a wheat crop in late May and June.

A Kimball County conservationist, Murray Cox, reported that anti-wind erosion measures, such as soil tilling, would have been of doubtful use if the moisture had not come. Such practices, he said, would only have increased the danger of blowing soil.

Rev. McKelvey Dies; Ex-Nebraska Pastor

YORK, Neb.—Funeral services were held at the First Evangelical United Brethren Church here Tuesday for the Rev. H. A. McKelvey, 80, retired EUB minister. He died at Lebanon, O.

He served several Nebraska churches, including those at Lushington, McCool and Cotesfield. His wife died in 1952.

Native Nebraskan Retiring As Ward College Director

BUENOS AIRES, Argentina (AP)—Dr. Fred Aden has retired and sails for his home in the United States Friday after 37 years as director of Ward College here.

Aden, born in Garrison, Neb., arrived here in 1918. He took over as director of Ward College, a preparatory school sponsored by the Methodist Board of Missions and the United Christian Missionary Society.

Under his leadership the school's attendance grew from 70 pupils to some 1,000 this year. He plans to make his home in California.

Nebraska Man Faces Dakota Murder Count

SIoux FALLS, S.D. (AP)—James K. Ironshell, 24, Hastings, Neb., was charged Tuesday with murder following the death Sunday of Norval J. Williams, 29, Sioux Falls, also a laborer.

Preliminary hearing for Ironshell has been set for Wednesday.

Williams died while being taken to a hospital after being found alongside a sidewalk. Police said he had suffered a broken neck.

The complaint against Ironshell charges he beat and kicked Williams.

Ironshell, whose parents live at Hastings, is a resident of the Rosebud Reservation.

Bressler Appointed Wayne Court Clerk

WAYNE, Neb.—John T. Bressler has been named clerk of the District Court, succeeding David J. Hamer.

Miller Feels Chances Good For A-Plant

WASHINGTON (AP)—Rep. A. L. Miller has high hopes the Atomic Energy Commission will authorize construction of a Nebraska atomic energy power plant.

Miller said that last spring he wrote AEC Chairman Lewis L. Strauss suggesting sites in Nebraska. He said he mentioned an area including Lexington, Broken Bow, Columbus, Grand Island, Cozad and Ravenna.

Strauss said last week the commission had received a proposal by Consumers Public Power District of Columbus to build a plant.

Miller said it may be possible to produce electricity in an atomic plant for some 3 mills a kilowatt. It now costs around 7 mills in Nebraska steam-power plants.

He said if it turns out it costs 10 or 11 or more mills to produce electricity in an atomic reactor plant, the government should furnish a different type reactor and continue the experiments until a cheap producer is found.

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Mrs. Gillespie Dies; Former Nebraskan

Lincoln Star Special

TOBIAS, Neb.—Burial services were held here for Mrs. Sophia T. Gillespie, of Long Beach, Calif., former resident of Tobias. A native of Iowa, she moved to Long Beach in 1925 from Tobias. She was a member of First Church of Christ, Scientist.

Surviving are three sons, Dee F. and Guy T., both of Long Beach, and Jayson; a daughter, Mrs. Viola Fisher, living in Nebraska; 15 grandchildren, 32 great grandchildren and three great great grandchildren.

High Tribute Paid To Geologist Condra

Noted State Conservationist Named To Achievement Hall

Dr. George E. Condra, the first agricultural geologist and probably one of the foremost, has been named to the Nebraska Hall of Agricultural Achievement. He was guest of honor at a dinner Tuesday evening with members of the organization, friends and associates in attendance.

Dr. Condra is presently dean and chairman of the state soil and water conservation committee of Nebraska and director emeritus of the Conservation and Survey Division of the University of Nebraska.

"He was one of the first men to realize that if man is to make the best possible use of the land, he must understand it," said Eugene E. Reed, director of Conservation and Survey Division and state geologist, one of three spokesmen who reviewed Condra's career.

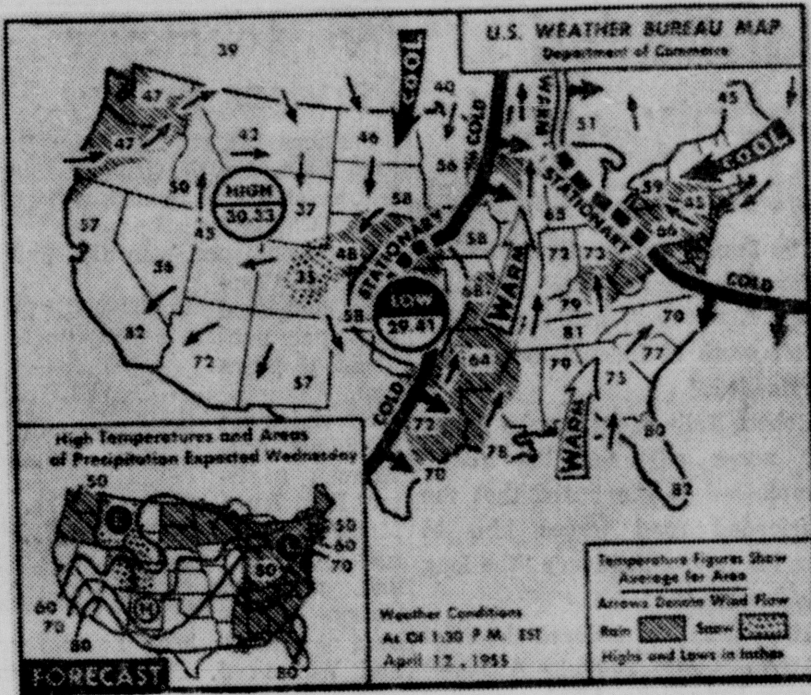

Extensive Services

It is generally accepted that few men have contributed as much to the development of the geology, land, water and other natural resources in their respective states as Dr. Condra in Nebraska. He was instrumental in the forming of the Soil Conservation Service and assisted in the organizing of Soil Conservation Districts in this state. He received his A.M. degree from the University of Nebraska in 1896 and a Ph.D. degree from Nebraska in 1902. This same year he became instructor in geography and economic geology at the University. Three years later he was advanced to head of the department and in 1918 became director of the Conservation Survey Division. It was in 1929 that Dr. Condra was made dean of this division, a position that he has held to the present year.

Dr. Condra and his students gave to the state an underground water survey which has been most beneficial in helping locate wells for drinking water and also for irrigation purposes.

A few of his honors include the Kiwanis Distinguished Service Award, the sixth annual award of the American Forestry Association in the field of conservation, and an honorary membership of the national geologic fraternity Sigma Gamma Epsilon.

Other members of the organization commenting Tuesday night on the life and contributions of Dr. Condra's life were C. Y. Thompson of West Point, member of the University of Nebraska Board of Regents, and Paul Stewart, Omaha, Sen. Otto Liebers, president of the organization, presided at the meeting.

More Rain And Snow Forecast

Occasional rain is forecast for Wednesday for the northeast and northern tier of states from the western Lakes region to the Dakotas. Rain is expected also from Mississippi eastward to the Atlantic coast as well as in Florida. Snow is again slated for the

northern Rockies and snow flurries in central Rockies. A few showers will fall along the north Pacific coast. There will be little change in temperatures across the nation except for slightly warmer in north and central Rockies. (AP Wirephoto Map).

Attorney's Opening Statement Hints Dropping Of Power Case

COLUMBUS, Neb. (AP)—The case of the Custer County Public Power District, et al, against the Loup River Public Power District, et al, over the building of power plants began in District Court here with a hint the case might suddenly be dropped.

The hint was that the issues involved might be settled by negotiations and mergers between Consumers Public Power District and the hydros.

The hint was given in an opening statement by Ivan Evans, Broken Bow, attorney for the Custer district. He said because such negotiations had been under way the past month he did not feel there was the urgency to proceed with the trial that there had been in the past.

He said he felt a solution reached by negotiation would be a more satisfactory solution than one arrived at by judicial decree.

Judge H. Emerson Kokjer, Wahoo, said he hoped agreement could be reached, but the trial

would proceed without delay. This, he added, is sometimes an aid to the reaching of agreements between the parties.

In other opening statements, Vance Leininger, attorney for the Loup district, stated the hydros position as one of desiring a declaratory judgment of injunction by the court to the effect that after the 1946 and 1949 contracts Consumers must buy all the power required for the eastern system from NPPS until 1972. This would stop Consumers from building large generating facilities.

Four-Week Schedule
George Healy, Lincoln attorney for Consumers, stated it is the desire of Consumers to furnish electricity at the lowest possible cost. He said it was not the intention of Consumers to damage or idle any other facilities, but that Consumers believed that because of the greatly increasing demand for electricity additional power above that which could be furnished by the hydros would be needed by 1958 to 1960.

Judge Kokjer has set up a four week schedule for the trial with each phase to last a certain period. If evidence of one period is concluded before the next date established, an adjournment is to be taken to the definitely established date.

Nebraska News

10 Homeless After Blaze Levels Home

NORTH PLATTE, Neb. (AP)—Fire burned out a five-room one-story house here Tuesday and left a family of 10 homeless. All of their furniture and clothing was lost.

Six children and their mother, Mrs. C. K. Trisdale, were in the house when the fire started. Fire Chief Les Mills said it was not known what caused the blaze.

Depue Will Head Schools At Brock

Curtis Is Backing Bricker Measure

WASHINGTON (AP)—Sen. Curtis is supporting Sen. Bricker (R-Ohio) in his efforts to bring the Bricker treaty limiting amendment to a vote this session of Congress.

Curtis said opposition to the amendment on the basis that it will tie the President's hands in foreign affairs is unfounded.

He said the United States and Mexico are the only countries which have a provision in law that treaties, once executed become "the law of the land."

Ruling Puts Pakistan In Jam Again

LAHORE, Pakistan (AP)—The Federal Court knocked out the governor general's emergency powers Tuesday and left Pakistan in a legal vacuum again—with no one authorized to approve necessary laws.

Constitutional experts said the ruling meant the government had no right to collect taxes, sentence criminals or carry on any other normal governmental functions.

The court held that the extraordinary powers that Gov. Gen. Ghulam Mohammed assumed last month were beyond his legal authority. It also held that he exceeded his authority in legalizing 35 acts of the Constituent Assembly, which he had dissolved earlier.

Legal Crisis

The ruling revived the legal crisis that has plagued Pakistan's government since the governor general broke up the Assembly and took what amounted to supreme authority last Oct. 24.

On March 21 the Federal Court upheld his dissolution of the Assembly, which had been drafting a constitution seven years but had not finished its work.

The court ruled also, however, that 46 constitutional provisions passed by that Assembly were invalid because they never had received the governor general's assent. This stripped the government of administrative machinery.

COLUMBIA PIX SUSPENDS RITA

HOLLYWOOD (AP)—Columbia Pictures Tuesday placed Rita Hayworth on suspension and declared the actress cannot work elsewhere until she makes two films for the company.

The announcement was the latest step in warfare which broke out last Thursday. She notified the studio she would not report for work on "Joseph and His Brethren," which was to start Monday. Her attorneys filed suit in federal court to end her contract, alleging that postponement of the picture's start nullified the deal.

Miss Hayworth and her husband, crooner Dick Haymes, have formed Crystal Bay Productions and announced a deal to release two films through United Artists. Tuesday Columbia notified United Artists that the actress was under exclusive contract to Columbia until she finished two films.

Columbia also declared Miss Hayworth had no grounds to end her contract.

Camp Fire Conference

The annual regional conference of the Camp Fire Girls of America will be held in Lincoln next Monday and Tuesday at the Hotel Cornhusker with Mrs. M. C. Davenport of Scottsbluff, regional chairman and chairman of the regional 15-member executive committee, presiding at the sessions.

More than 65 city council presidents and regional representatives from the six-state area of Nebraska, Kansas, Iowa, Missouri, Colorado and Wyoming will attend the conference which will open with an executive meeting Sunday evening.

Miss Betty Fouke, regional director and member of the national Camp Fire Girls staff, will preside at the opening session Monday morning when Miss Maybelle Carter, regional adviser, will lead a discussion on the Camp Fire Council organization structure. A business meeting for all professional members will be directed by Mrs. Eleanor White of Springfield, Mo., professional chairman for the region.

Monday afternoon, Charles Schoelzel Jr., of Denver, member of the regional executive committee, will speak on, "Your Responsibility As a Board Member," and for professional members, William Fulton, chief executive of the Cornhusker area of Boy Scouts, will discuss, "Your Job as an Administrator and Supervisor."

Delegates and guests will be entertained Monday afternoon at a 4 o'clock to 6 o'clock tea at the Governor's Mansion with Lincoln council members as hosts and hostesses. Greeting the guests will be Mrs. Victor Anderson, Mrs. Davenport and Mrs. Kenneth Clark, president of the Lincoln council.

Guest speaker at the Monday evening banquet will be Leland

Forrest, chancellor of Nebraska Wesleyan University, who will address the delegates on the conference theme, "Let Freedom Ring." Master of ceremonies will be Clifford Hicks, a member of the national board.

Mrs. Shirley Board of Kansas City, Mo., will lead the discussion on "Volunteer - Professional Relationship," on Tuesday morning, and following luncheon, the closing business meeting and election of new regional officers will be held. The conference will close with tours of the State Capitol and of the Nebraska State Historical Society Building.

Mrs. Kenneth Clark is chairman of arrangements for the conference assisted by Mrs. Kent Morgan, Mrs. Edward Hammond, Mrs. Dewey Nelson and Mrs. Clifford Jorgensen.

Madam Chairman

MORNING

Camp Fire Girls group organization committee, 9:30 o'clock at the home of Mrs. Corwin Moore, 2210 Sheridan, for mothers of Sheridan first graders.

Girl Scout program committee, 9:30 o'clock at the Girl Scout office.

AFTERNOON

Camp Fire Girls group organization committee, 1:30 o'clock at the home of Mrs. Jack Cole, 3345 Grimsby Lane, for mothers of Merle Beattie first graders.

Lincoln Air Force Base Officers Wives Club, 12:30 o'clock Mad Hatters luncheon at Cotner Terrace.

University of Nebraska Faculty Women's Club, 1 o'clock dessert luncheon at the Foods and Nutrition Bldg., Agriculture College.

EVENING

Soroptimist International of Lincoln, 7:30 o'clock meeting at the Hotel Cornhusker.

Mrs. JayCees, 8 o'clock meeting at the Chamber of Commerce.

YWCA Live Y'ers Club, 6 o'clock dinner at the YW.

Tops Club, 7 o'clock meeting at the YWCA.

Garden Club of Lincoln, 7:45 o'clock in the agronomy auditorium, Agriculture College.

Alpha Xi Delta Alumnae, 7:30 o'clock at the home of Mrs. Lester Petri.

Alpha Omicron Pi Alumnae, 7:30 o'clock at the home of Miss Helen and Miss Elsie Fitzgerald, 1111 So. 17th.

PTA Officers Elected

At the April meeting of PRES-COTT PTA, held Tuesday evening, Mrs. Fred Bodie, Jr., was elected president of the unit. Other new officers are Mrs. Roger D. Charles, first vice president; Miss Verda Metzger, second vice president; Mrs. Robert L. Hoerner, secretary; Mrs. Calvin Reed, treasurer; and Mrs. Marshall Jones and Mrs. Eber Tice, council representatives.

Mrs. Marshall Jones presided at the meeting, and a talk on "Fluoridation," was given by Dr. R. F. Krejci. Mothers of fourth grade pupils were hostesses for the social hour.

The members of HAYWARD PTA met Tuesday evening and elected new officers for the coming year. The officers will be Mrs. Al Alt, president; Mrs. Victor Weber, first vice president; Miss Helene Morris, second vice president; Mrs. Wilson Shafer, secretary; Mrs. Walter Conwill, treasurer; and Mrs. James O'Driscoll, council representative.

A panel discussion on the summer recreation program was moderated by Mrs. Victor Weber, and included among the speakers were the Rev. Edwin Mehlhoff, representing the parents; Jimmy Lewis of the city recreation department; and William Kruse of the Welfare Society.

The program concluded with group singing.

A program by members of the faculty and by the PTA Mothersingers was featured at the meeting of PARK PTA Tuesday evening when the members also elected new officers. A talk on "Growing Good Citizens," was given by Edwin Dosek of the Crime Prevention Board, and mothers of first graders were hostesses for the social hour.

The officers for the coming year will be Mr. and Mrs. Ernest Lockwood, co-presidents; Mrs. James Amen, first vice president; Mrs. Roberta Anderson, second vice president; Mrs. Willard Spilker, secretary; Mrs. George Lutz, treasurer; Mrs. J. L. Kuchera and Mrs. John Kahler, council representatives; and auditor, Mrs. Olive East.

The board members of SARA-

TOGA PTA met Tuesday morning at the school. During the business meeting which was conducted by Mrs. Alexander Bauer, final reports were given on the Saratoga Fun Night. Also, plans were made for the coming Polio vaccination for the first, second and third grade pupils.

Delegates for the state PTA convention will be Mrs. Alexander Bauer, Mrs. John Schick and Mrs. Richard Prai.

Mrs. Walter Ehlers was elected president of HAVELOCK PTA

Tuesday afternoon and other officers will be Mrs. Clyde Johnson, first vice president; Mrs. William Brew, second vice president; Mrs. Mark Foreman, secretary; Mrs. John G. Wright, treasurer; and Mrs. Floyd Parker, outgoing president, council representative.

A talk was given by Mrs. Roy Sheaff who showed films on first aid and civil defense, and the program included a safety exhibit by the pupils. Mothers of kindergarten pupils were hostesses.

Dr. Julius Humann (left) spoke to the members of Whittier PTA Tuesday afternoon on the topic, "Problems in Disciplining the Adolescent Child." At center is Mrs. William D. Bowers, new president of the PTA, and at right, Mrs. E. J. O'Neill, outgoing president.

Other officers elected were Mrs. Victor Groth, Mrs. Merle Kinney, first vice presidents; Mrs. A. W. Honnor, Mrs. Carleton Flynn, second vice presi-

dents; Mrs. C. J. Rogers, Mrs. Betty Stewart, third vice presidents; Mrs. E. A. Rockwell, fourth vice president; Mrs. P. L. Kelly, secretary; Mrs. Herman Hahn, treasurer; and council representatives, Mrs. John Gabarron and Mrs. A. J. Whitmer.

A program of music was presented by the Girls' Triple Trio, accompanied by Mrs. Virginia Huffman, with a violin obligato by Miss Priscilla Dotson.

TOWN TALK

and their daughters, Betsy, Suzanne and Candy—the Carlsons—Dr. and Mrs. Norman, and their daughters, Nan and Jean—and Mr. and Mrs. Jack Wilson, their daughter, Sally—and son, Stan.

BUT our list of homecomers doesn't end with the group from Colorado Springs—There are Mr. and Mrs. Robert Reynolds, for instance, who are back in town after a two months absence—Mr. Reynolds, it seems, attended an insurance school in Baltimore where he was joined by Mrs. Reynolds after she had spent three weeks visiting her family, Dr. and Mrs. R. P. Lester in Mobile, Ala. Before coming home Mr. and Mrs. Reynolds spent some time in New York City, Washington, and Philadelphia.

THEN we learned that Dr. and Mrs. Arthur L. Smith, Jr., and their children, Sharon, Judy and Larry, dined, on Easter Sunday, at the Wayside Inn—the place Longfellow made fam-

ous—The Smiths, you see, spent a week in Boston where the family visited as many historical places of interest as possible. The travelers returned home on Monday evening.

THE homecomers, however, do not have a complete monopoly on the morning news—for we have news of potential guests—Dr. and Mrs. Jack March of Algoma, Wis., will be arriving next Monday to spend a week as the guests of Mr. and Mrs. Bill Larson.

Dr. and Mrs. March are stopping off in Lincoln enroute to their home from Los Angeles, where Dr. March attended a meeting of the AMA—and a two weeks holiday in Hawaii.

UNDERSTAND that the members of the Colonial Dancing Club elected new officers at its Monday night dinner dance—The official staff for 1953-54 includes Mr. and Mrs. Robert Britten, president, plus a board of directors composed of Mr. and Mrs. Orin Anderson, Mr. and Mrs. Lawrence Enerson, Mr.

and Mrs. Ben Gadd, Mr. and Mrs. Harold Gease, Mr. and Mrs. Laurence B. Lund, Dr. and Mrs. Roland Mueller, and Dr. and Mrs. Bowen Taylor.

Insurance Group to Meet

Miss Aurelia Plautz, president, will conduct the monthly business meeting of the Insurance Women of Lincoln to be held Thursday evening following a 6 o'clock dinner at the Capital Hotel.

Guest speaker will be S. G. Borstad of Omaha, and in charge of arrangements for the evening will be Miss Ellen Deming, chairman, Miss Betty Jo Woolsey and Miss Eva Markitan.

Marriage Announced

Announcement has been made of the marriage of Miss Polly Jo Boulton, daughter of Mr. and Mrs. Harry Boulton of Central City, to Charles H. Loxterman, son of Mr. and Mrs. H. R. Loxterman of Pittsburgh, Pa. The wedding took place on Tuesday, April 5, at Detroit, Mich.

Mr. Loxterman and his bride are residing in Lincoln where both are attending the University of Nebraska. The bridegroom is a member of Theta Xi fraternity.

Buffet Supper

The buffet supper to honor Alpha Phi seniors, originally planned for Wednesday evening, April 6, will be held this evening, April 13, when the members of the sorority's alumnae entertain at the home of Mrs. E. R. Hinrichs. Mrs. Milton Anderson and Mrs. Basil Boyd are in charge of the affair, and their committee includes Mrs. J. R. Meyer, Mrs. Jack Snider, Mrs. William Chamberlin, Mrs. Warren Johnson, Mrs. O. A. Ralston, Mrs. Russell Joynt, Mrs. Lloyd Burt, Mrs. Rolfe Haligan, Miss Madeline Girard and Mrs. H. E. Swedburg.

president; and Mrs. Anne Kryger, second vice president. Standing are Miss Emily Brickley (left), new member of the board, and Mrs. Ethel Vanous, treasurer.

Not included in the picture are Miss Evelyn Spichal, secretary, and Mrs. Catherine Martin, new board member.

DAC Elect New Officers

At the April meeting of the Hannah Duston Chapter, Daughters of American Colonists, held last Saturday afternoon, the members elected Mrs. J. E. Arter regent of the chapter.

Miss Isabel McOmber of Crete, state regent, assisted by Mrs. B. K. Worrall, chaplain, installed the new officers who include Mrs. Charles E. R. Edmond, vice regent; Mrs. Katherine Harris, secretary; Mrs. O. G. Palmer, York, historian; Mrs. R. E. Dale, registrar; and advisory board members, Miss Jeanette Spealman, Miss McOmber and Mrs. J. D. Menke, Crete.

Betrothal

Mr. and Mrs. O. J. Smith of Lincoln announce the engagement of Mrs. Smith's daughter, Charlotte Darlene Clayton of Fairbury, to Norbert Heller, son of Mr. and Mrs. Adolph Heller of Reynolds.

Mr. Heller recently was discharged from the service after three years of military duty.

Had Chapel Wedding

MRS. WILLIAM L. WATERS, JR.

The marriage of Miss Ardell Beeman, daughter of Mr. and Mrs. Lynn R. Beeman, to William L. Waters Jr., son of Mr. and Mrs. William L. Waters of Austin, Tex., was solemnized by the Rev. Frederick A. Roblee in the chapel of the Westminster Presbyterian Church on Tuesday evening, April 12. The music for the 7:30 o'clock service was played by Miss Josephine Waddell, organist.

Miss Leona Hesterman of Luddell, Kan., was the maid of honor and only attendant, and with her pastel blue ballerina frock she carried a bouquet of blue and white carnations.

Clarence Jones of Collinsville, Ill., served Mr. Waters as best man, and seating the guests were Cecil Sampson and Thomas Keaton.

For the ceremony the bride appeared in a gown of white Chantilly lace over net. The bare-shouldered bodice, contoured with a fold of tucked net, was snugly fitted above the wide, ballerina length skirt. She completed her ensemble with a long-sleeved bolero jacket of lace, and a fingertip veil of illusion which was held to the head with a calot of lace.

Following the ceremony there was a reception in the church parlors after which Mr. Waters and his bride left for a honeymoon trip to Austin, Tex. For traveling Mrs. Waters wore a jacket frock in the navy tone.

Mr. Waters and his bride will reside in Lincoln.

Toastmistress Club Program

Mrs. Margaret Foster presided at the dinner-meeting of the Lincoln Toastmistress Club Monday evening at the Capital Hotel when plans for the meeting and speech contest of the Cornhusker Council of Toastmistress Clubs, to be held Sunday, April 17, in Lincoln, were discussed by Miss Cora Mae Briggs.

Topic mistress during the dinner was Mrs. Marie Hoffman, and toastmistress was Mrs. Marjorie Bennett. Program speakers were Mrs. Marjorie Swenson, "Beat the Blues," and Mrs. Bertha Johnston, "Keeping Up With the Joneses," and serving as general evaluator was Miss Ann Gustafson.

Crowded Hearing Considers Ton-Mile And Gas Tax

By ARCH DONOVAN
Star Staff Writer

Overloading of the hearing schedule by the revenue committee of the Legislature Monday prevented the appearance of many witnesses either for and against the two bills under discussion. The committee adjourned after over four hours of listening without taking action.

Bills heard were LB 362, providing a ton-mile tax on trucks carrying 10 tons or more, and LB 436, which would provide an additional one cent of gasoline tax for highway purposes. Proponents and opponents of the two bills came from about the same sources.

Sen. Lester H. Anderson was the introducer of the ton-mile tax bill — which was considerably changed from those introduced in past sessions. He said he did not believe over 100 miles of state highways are built to a high enough standard to properly carry the huge trucks.

"The truckers should be coming to the Legislature saying we need better roads in order to live," Anderson said. "Instead they have always opposed bills to improve highways and they will continue to do so as long as they keep getting a 'free ride.'"

Called Fair Payment
Robert Crosby, appearing for the Better Nebraska Association,

Crosby Lauds Testimony For Added One Cent Of Gas Tax

Former Gov. Robert Crosby representing the Better Nebraska Association Tuesday led the presentation of LB 436 introduced by Sen. William Metzger and proposing that an added one cent of gasoline tax be collected for a period of two years. The bill was heard by the Revenue Committee.

He said that it would be divided 50 per cent to the state, 35 to cities and villages and 15 to counties. This, he said, would add \$2,300,000 to state funds, \$1,600,000 to cities and \$700,000 to counties that could be used for federal matching.

Crosby said that on July 1, the state will be short \$3,600,000 for matching federal funds available and that this will increase to \$6,400,000 by July 1, 1957. He said the state now has 3,000 miles of roads that need immediate improvement.

Many Millions Needed
He explained that this figure includes graded and graveled roads ready for hard surfacing and carrying more than 300 vehicles daily. To construct it all would require \$132,000,000 he said.

He termed it an "error" to match needs against federal funds available and said that needs of highways carrying more than 200 vehicles daily would require an expenditure of \$230,000,000.

Lloyd Chandler, representing highway associations of the state, said the highway problem is chiefly one of getting the state's produce to market. He said that due to market. He said that due to insufficient funds the state has been practicing "false economy."

Construction of roads under the mail route law he termed "pitiful" and said that by building a little here and a little there maintenance

termed the bill one that would require trucks of 10 tons and more to "pay their fair share" for highway improvement.

The former governor gave figures he said would be necessary to make heavy trucks pay in proportion to their weight.

The formula set up for 6 cents per mile, level, would require a 15-ton truck to pay additional \$3.88 weight-distance fee over the \$2.12 figure now paid for 29 miles.

A 30-ton truck, he said now pays \$1.16 in gas tax for 29 miles and an additional \$4.84 would be necessary to bring it to the level of passenger vehicle taxes.

Cars Pay 91 Per Cent
Crosby said passenger cars pay 78 per cent of the license fees received by the state, and 91 per cent of the gasoline taxes.

Under questioning by Sen. Tverdik of Omaha about the amount of personal property taxes paid by the truck lines in the state, Crosby quoted from federal reports. The Denver-Chicago Truck lines, he said pay \$48,000 for licenses on their vehicles but only \$1,400 in property tax.

He also quoted Watson Bros. of Omaha as paying \$148,000 to license their trucks and only \$2,100 in property taxes on the vehicles. I. C. E. was shown as paying \$18,000 for licenses but only \$290 in property taxes.

Crosby charged that the reciprocity between states on truck operations is a "ridiculous and unsound" principle of government. He said that because a truck line

is neglected and that weeds are growing in the roads. Lloyd Chapman urged passage on behalf of the League of Municipalities.

'Would Cut Profits'
E. Dale Smart of the Nebraska Petroleum Industry said that added taxes would cut the gross profit of service stations and reduce sales.

Russell Lockwood said that the percentage of gas taxes given cities and counties in Nebraska is greater than that given in other states. He contended that they were well taken care of in other bills.

Lockwood insisted that federal matching is no problem for the state and presented different figures than those offered by Crosby.

Fred A. Evans of Arapahoe told of the "terrific losses" suffered by motor fuel dealers and said they had to pay the tax first and lost not only the fuel cost but also the taxes paid. He insisted the tax would be "unpopular and hard to collect."

Sen. Metzger said the arguments of the opponents were the same they had been using since 1943 and termed them the "best agin'ers" ever to appear before the Legislature. He said it was very evident the opponents "have not known what was going on since 1943."

pays taxes in another state it should not be permitted to escape taxes in Nebraska.

It was contended by Crosby that administration would be the same as that used in collecting income tax and gasoline taxes. Surveys made by Stanford University, he said, show losses negligible in collection of ton-mile taxes in other states.

Joseph C. Reavis, Falls City, appeared in behalf of the B. N. A. and the Richardson County board. He charged that reciprocity has been the main defense of the trucking industry in opposing all types of legislation. He charged that the trucks have "no vested interest in state highways."

Questioned about whether the truckers would not pass along the tax to the consumer, Reavis shot back another question, "why not?" He continued his answer by saying all taxes are passed along.

Lloyd Chapman, Lincoln, appearing for the League of Municipalities, said the questionnaire sent member cities brought back answers from 193 favoring the bill and only 17 opposed. In each instance of opposition, he said, a trucker was a member of the board or council.

Opposition Large
The opposition was spearheaded by Paul Halpine, secretary of the Nebraska Motor Carriers Association. The Association had held a meeting here earlier and claimed representation of a large proportion of the spectators at the hearing.

Halpine said that Nebraska has the best reciprocity agreements of any state in the union. Because the state has no "third level" taxes, he said trucks licensed here can travel without added cost in nearly every other state.

A. K. Longacre of Union Freightways, Omaha, called Nebraska the "bargain counter" for truck licensing because of this reciprocity. He urged that it be advertised to bring more license dollars to the state.

Gains were relatively moderate since these stocks have been strong for many weeks in anticipation of Tuesday's finding.

Richard Staley, statistician for the American Trucking Association, Washington, D. C., insisted that many highway building costs are not related to weight. He estimated that only 13 per cent of cost is based on weight and termed the ton-mile tax plan unsound.

James Kamas and Wilbur M. Jenney of the Farmers Union spoke in opposition as did Norris Anderson of the Farm Bureau, Owen Cotten, Omaha, representing private carriers, and E. Dale Smart of the Nebraska Petroleum Industries. Ray Hansen, mayor of Blair, said the bill would cause many trucks to quit licensing there with a loss in revenue to the city.

City Reduces Plat Assessment \$400

The City Council, sitting as the Board of Equalization, has approved a \$400 reduction in the paving assessment against property at 17th and Stockwell owned by M. C. Barnes.

The property is in paving District 1273 which comprises a number of streets in the 17th and Stockwell area. Barnes' original assessment was \$694.64 but it was shown at the Board hearing that the land was so zoned and divided as to prohibit construction of any building on the premises.

The Board adjourned until 10 a.m. Monday on the final equalization of both 1273 and paving District 1330, both being re-assessed after the Board made changes in the original charges.

Issues Advance

NEW YORK (INS) — Issues of companies producing the Salk polio vaccine advanced to new highs on the New York stock exchange after announcement the vaccine is "safe and effective."

Gains were relatively moderate since these stocks have been strong for many weeks in anticipation of Tuesday's finding.

State Board Seeks School Curb Power

The State Board of Education Tuesday decided to ask Gov. Anderson to introduce a legislative measure calling for regulation of trade and business schools.

A similar bill was withdrawn early during the current session of the Legislature reportedly because trade school officials and the State Education Department couldn't agree to the makeup of the regulating body.

The measure to be presented to the governor will include the State Board of Education as the regulating body with a group of trade school representatives acting as an advisory commission.

Dr. W. Ray Hill of Seward, a member of the board, suggested during Tuesday's monthly meeting that the elective group enter more closely into the state redistricting program.

Next meeting of the board will be held May 10 at the Milford Training School.

East Germany Claims 521 West Agents Arrested

BERLIN (AP) — The East German government announced Tuesday night the arrest of 521 alleged "Western agents" and the liquidation of "a considerable number of espionage and terror groups" within the past few days.

The announcement was made in the unusual form of a declaration to the East German population.

It accused the United States, Britain and France of having turned Soviet-surrounded West Berlin "into the main center of their espionage and diversionist activity against the East German Democratic Republic."

Views On Dollar Phone Boost Asked

The State Railway Commission Tuesday asked all interested persons to make their views known on a proposed one dollar per month rate increase by the Keystone-Arthur Telephone Co., Keystone.

The commission will consider the application informally April 21. The company originally asked for a monthly rate hike of 50 cents, but patrons of the sandhills exchange protested.

An agreement between the company and 90 per cent of the patrons then agreed to one dollar if increase provided that a new switchboard and more operators were added.

The commission Tuesday also announced that Effie Moore, Stanton, has withdrawn her complaint against the Stanton Independent Telephone Co.

She had complained that the company levied excessive construction charges before installing her phone.

State March Spending Totals \$6,293,519

The State of Nebraska spent \$6,293,519.55 during March, the state tax commissioner's office announced Tuesday.

Biggest spending agency for the month was the University of Nebraska with \$1,381,230.92 in warrants drawn.

Following in order were the Highway Department, \$1,311,376.53; state assistance, \$1,288,519.37; and the Board of Control, \$1,021,986.16.

The tax commissioner's monthly report showed the state has spent \$152,669,087.59 thus far during the current biennium. The Highway Department has drawn \$46,963,424.23 in warrants followed by the University of Nebraska with \$31,042,873.99.

County Names Member For Hospital Study

Chauncey E. Barney, Lincoln attorney and former Lancaster County commissioner, has been named as the county's representative to the Lincoln Community Hospital Fund.

This citizens' committee is working toward improvement of hospital, medical and health facilities in Lincoln with the possible end of effectuating an integrated community hospital plan. A single merged hospital has been proposed by the group.

The appointment of a county representative by the County Board was in response to an invitation by Fund Chairman Joe R. Seacrest, who suggested there may be more aspects of the problem that affect the county than the committee is presently aware.

Barney's nomination was approved by a two-to-one vote with Commissioner Chris Kuhner dissenting.

Kuhner stated he was against a county representative because "of a greater need for a city-county building. We let the need of city-county building take a 'back seat' several years ago to the city auditorium. Now we're getting into a hospital study."

Commissioners Russell Brehm and Del Lienemann expressed doubt if this study would affect city-county building plans which are also dependent upon public support.

At Brehm's suggestion, the representative was not named from the board's membership. Lincoln's representative on the unit is City Councilwoman Ferne Hubbard Orme.

A-TEST DELAYED UNTIL THURSDAY

LAS VEGAS, Nev. (AP) — An elaborate test of atomic blast effects on military supplies was postponed until Thursday at a weather conference Tuesday.

Re-Exam Bill Survives 4th Kill Attempt

Driver Measure Advances, 19-18

The driver's license re-examination bill advanced in the Legislature on a 19-18 vote Tuesday, after a fourth attempt to kill it had been unsuccessful.

The present version of the bill provides for re-examination of drivers at ten-year intervals between the ages of 30 and 70, and at five-year intervals thereafter.

Sen. Larkin of Omaha, who instituted three of the four attempts to kill the measure, repeated his contention made last week that "it is the young drivers who are causing the accidents."

The vote on Larkin's motion Tuesday to kill the bill was 16 to 22.

After giving tentative approval to the re-examination bill, the lawmakers gave the green light to the "average inventory" tax reform bill.

It provides that a business man or farmer would report the average amount of goods or commodities on hand throughout the year for taxation purposes.

Important Bill

"This is one of the most important tax bills we have," asserted Sen. Monroe Bixler of Harrison, chairman of the Legislature's Revenue Committee.

He predicted it would "bring a good deal more personal property on to the tax rolls."

When the noon recess came, the bill to exempt household goods was next in line for consideration on the floor.

With Tuesday's action on the "average inventory" bill, three of the four tax reform measures introduced at the beginning of the session have received tentative approval.

Those advanced previously were LB 148, to use "basic value" in determining the value of property for assessment purposes; and LB 151, changing the assessment date to March 1.

3 Absent Senators Return To Duties

Three senators absent from the Legislature during the past two weeks on account of illness returned to their official duties Tuesday at the close of the Easter recess.

They were Sens. O. H. Liebers of Lincoln, who suffered an attack of "flu"; W. H. McHenry, of Nelson, who underwent an operation; and Mrs. Kathleen Foote of Axtell, who gave birth to a son March 27.

Three Routine Bills Get Legislative OK

The Legislature opened its first session Tuesday following the Easter recess by passing three routine bills. The measures approved included:

LB 390. Metzger, Moulton. Extending power of sanitary and improvement districts to include water systems, roads, and streets. (E) 41-1.

LB 372. Bedford. Providing for use of meters instead of markers in measuring motor fuel in transports. 42-0.

LB 315. Kotouc. Amending section relating to investments a trustee may make. 42-0.

Thompson Is Leaving Midland College Post

FREMONT, Neb. — Carroll Thompson has resigned as director of publicity and instructor in journalism at Midland College, according to Dr. Paul W. Dieckman, college president.

Coming to Midland in 1952, Thompson has accepted a position with the Omaha World-Herald. He holds a master's degree from Iowa State University.

Power Line Okay

The State Railway Commission Tuesday granted the Omaha Public Power District authority to construct 2.79 additional miles of electric transmission line in Douglas County.

Warm Springs, Ga., Joyful

Vaccine News On 10th Anniversary Of FDR Death

WARM SPRINGS, Ga. (INS) — Polio sufferers at the Georgia Warm Springs Foundation who solemnly observed the 10th anniversary of President Franklin D. Roosevelt's death, greeted with joy Tuesday the news of the Salk vaccine's effectiveness.

The Warm Springs Foundation is full to capacity with polio patients, 70 per cent of them sponsored for treatment by various chapters of the National Foundation for Infantile Paralysis—the organization Roosevelt helped launch with the "March of Dimes" campaign.

Joyous expressions were voiced by the 169 patients at the center. "I think it is wonderful," Mrs. Claude Barron of McComb, Miss., said. "Now my children can be protected against polio." Mrs. Barron contracted polio last August.

WASHINGTON — The government Tuesday night signalled the start of a vast campaign to treat America's children with the Salk vaccine, hailed as a potent foe of polio.

Secretary of Welfare Oveta Culp Hobby formally licensed the vaccine for general use. This paved the way for commercial concerns to place the material in the hands of doctors, so they can administer it to children before the start of the summer polio season.

Estimates of the number to be vaccinated this year range as high as 45 million.

Go-Ahead Given

The licenses, giving the go-ahead to six pharmaceutical firms to manufacture and distribute the vaccine in interstate commerce were signed by Mrs. Hobby on the recommendation of Dr. Leonard A. Scheele, surgeon general of the U.S. Public Health Service.

Scheele, in turn had based his action on a recommendation from Dr. William Workman, chief of the Biological Control Laboratory of the National Institutes of Health, a branch of the Public Health Service.

Workman communicated with Scheele from Ann Arbor, Mich., where he had heard—and later evaluated — the historic report made by Dr. Thomas Francis of the University of Michigan. Francis pronounced the field trials of the vaccine last summer a success.

"It's a great day," Mrs. Hobby told reporters. "It's a wonderful thing for the whole world. It's a history making day."

The announcement of the licensing came about 5:30 p.m. Earlier the vaccine last summer had said success.

Churchill In Sicily For Two-Week Rest
SIRACUSA, Sicily — In a gay holiday mood, Sir Winston Churchill arrived in this artist's paradise Tuesday night for two weeks of rest and sun.

With Lady Churchill and his personal party, the 80-year-old retired British prime minister came by car from the Catania airport. His special British European Viscount plane landed there after a 1,100-mile non-stop flight from London.

His car drove directly into the color-drenched garden of the Villa Politi Hotel, overlooking 2,400-year-old Siracusa. With a big grin and a lighted cigar, Sir Winston stepped out to the cheers of 100 hotel guests who stood on the porch and leaned out of windows.

He appeared a little tired, but smiled broadly as he shook hands with Siracusan officials. Lady Churchill, her left arm in a sling, also shook hands with Italian and British welcomers. She is suffering from neuritis.

The weather was somewhat disappointing. Sicily's usually brilliant sun was covered by clouds.

Violations Remain

MOSCOW (INS)—The Communist Party newspaper Pravda said that despite the exposure of former Interior Minister Lavrenti P. Beria there were still "serious violations of Soviet laws in certain ministries and institutions." The criticism appeared to be directed against the bureaucracy's carelessness in the administration of law rather than against the continuation of Beria's methods.

Bohlen, Bulganin Swap Toasts On Austria Freedom

MOSCOW — Soviet Premier Nikolai Bulganin and U.S. Ambassador Charles E. Bohlen exchanged toasts Tuesday night toward early restoration of Austria's independence. Both indicated belief an Austrian settlement would be a step in the direction of world peace.

The toasts came at a reception given by Foreign Minister V. M. Molotov at Spiridonovka Palace for Austrian Chancellor Julius Raab and his top advisers who arrived at the Soviets' invitation for talks on a treaty. For 10 years the Western Big Three and Russia have been unable to agree on terms for an Austrian treaty ending their occupation of the country.

Prior to the reception, Raab and his advisers held their first formal talks with Molotov. They lasted 90 minutes but there was no comment from the Austrians or Russians on what was said.

Amiable Affair

The reception was a gay and amiable affair. Bohlen talked with Bulganin for an hour around a buffet table. He did not disclose everything he and the white-coated premier discussed. But the ambassador said he proposed this toast:

"I hope that the discussions here in Moscow between the Russians

ST. JOSEPH'S ASPIRIN FOR CHILDREN

APPROVED BY MORE DOCTORS

than any other brand

and the Austrians will be a step forward in the direction toward conclusion of an Austrian state treaty which will contribute toward permanent peace."

Bulganin raised his glass in an answering toast in which he said: "I hope for progress on the Austrian treaty and that the solution of this question shall help toward the solution of other international questions."

Big 4 Talks

There has been speculation an agreement on Austria might lead to high-level Big Four talks on other problems.

The Austrian visitors include Raab, Deputy Chancellor Adolf Schaerf, Foreign Minister Leopold Figl, and Deputy Foreign Minister Bruno Kreisky.

Figl proposed a toast as Bulganin, Molotov, and First Deputy Premier Lazar Kaganovich and A. I. Mikoyan looked on. He said: "To the end of the occupation of Austria this year—10 years is long enough."

The Russians drank that one down, too.

Soviet Hosts

Gathered around Bulganin, at his invitation, were Bohlen, British Ambassador Sir William Hayter, and French Charge d'Affaires Jean LeRoy. Thus representatives of Austria and the countries which occupy it were all together.

All the Soviet hosts were in an amiable mood. It was the first time since Bulganin succeeded Georgi M. Malenkov in February

Bixler Speeding Fine Is Reduced

Robert Bixler, 34, of 3220 No. Cotner was fined \$20 in Lancaster District Court following conviction on an appealed charge of exceeding 30-mile-an-hour speed limit on March 20, 1954.

Bixler had appealed from Municipal Court conviction and a \$40 fine. The appeal was tried to District Judge Paul White when Bixler waived jury trial.

Testimony of the arresting officer was that he had had to pass several cars before overtaking Bixler's car and obtaining a 40-45 mile an hour "clock" on the defendant's car.

Bixler's defense was that although he hadn't been watching his speedometer, he didn't think he had exceeded the speed limit.

HAYMES' ATTORNEY WANTS TO BOW OUT

LOS ANGELES & — Dick Haymes' attorney, David Marcus, has asked to be relieved as the crooner's representative in his fight against deportation.

Marcus wired Federal Court and the Immigration Service in Washington, D. C., of his intention to withdraw from the case. He cited what he called the crooner's uncooperative attitude.

Haymes was not immediately available for comment.

that the top Russians mingled with Western correspondents.

Mikoyan personally filled the correspondents' glasses with brandy from his native Armenia. Then he proposed this toast to the reporters:

"To creative work combined with truth."

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

(Distributed by King Features, Inc.) Registered U.S. Patent Office

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

(Distributed by International News Service)

Guess you heard Dicky Byrd is flying south to his penguin sanctuary again.

The admiral looking for reserve parking space 25 years ago. Major Bowes emceed a broadcast that was as one-sided as a drunk's hat.

The major short-statted the admiral by telling him how glad he was to be here tonight. The admiral responded with one toot on the foghorn of the Jacob Ruppert.

Just when it looked like the major was going to be Polly Andy the glad boy all night in stepped Trader Horn and grabbed the mike. He was as pappy as baby food.

The major grabbed the mike and went up hand-over-hand, swung it three times around his head and chose believe-it-you're-nuts-Ripley. Rip said, "Admiral,

I'm farther south than you are."

He meant he had just gone for a berserkie trip in Wall Street. But we know Rip could prove it so we dummed up like dust under the carpet but not so lumpy. If Rip told you that you had two heads you went out and bought another hat.

The major wrestled the mike away from Ripley and introduced the Virginia judge, who introduced his honor the Jimmys. Mayor Walker welcomed the admiral to the nearest city, which was Patagonia.

About this time Major Bowes had introduced himself seven times and everybody else once. Charming family, those Boweses.

That left me a short nod at the static-strainer. I said, "Admiral, although you have no use for it, I will give you the correct time. When you hear Bombardier Wells drop it will be 11 seconds after the start of the first round."

BRINGING UP FATHER

Stocks Again Hit A New Record

NEW YORK (AP)—The stock market rolled up a new record high last Tuesday with an advance featured by strength in steels, railroads and chemicals.

The market was ahead at the opening and kept that advantage to the closing bell. Final hour strength was pronounced throughout the market.

Aircraft were an exception. They were lower Monday and continued their depressed state Tuesday, still suffering from news of an impending Washington investigation into industry profits from government orders.

Companies making the new Salk polio vaccine were in demand early in the day and then fell victim to profit taking. They closed mixed as a group.

The Associated Press average of 60 stocks was up \$1.30 to \$163.50, highest level since the average was reached. The previous peak was \$162.50 when it touched \$162.60. Then it dropped for six days.

Gains ran to around \$4 at the outside while losses went to between \$2 and \$3. The railroad composite advanced \$1.33 to \$11.50 while utilities advanced \$1.33 to \$11.50.

Volume expanded when the best part of the market's drive ahead was under way in the latter part of the session and came to 2,770,000 shares. That compares with 2,600,000 shares traded Monday with the market slightly higher.

Back of the recovery movement in recent weeks has been the high level of general business and of individual corporate developments. Brokers have been bullish of excellent first quarter earnings reports to be issued in increasing numbers.

The use of new heights, however, brought fears of caution because of the possibility of a normal reaction, an ever-present possibility from peak level.

The American Stock Exchange was mostly higher on volume of 40,000 shares. That compares with 30,000 shares traded Monday.

LOOKING

for that

UNUSUAL BUY

in a

LOW-COST CAR?

'47 Olds 76 4-Dr.

A DRIVER'S 2ND CAR

Physician only 31,000 miles and equipped with radio, heater, Hydra-Matic. The upholstery is spotless and the dark blue finish is in A-1 shape. The service in this car has barely been taxed—so take advantage of it!

'47 Chrysler 4-Dr.

A LINCOLN FAMILY CAR

43,000 miles on this one—and careful ones too! It has a good radio, bio heater, automatic transmission, blue broad cloth upholstery and matching blue finish. The over-all appearance of this car is such that if you see it you'll buy it!

We're sure one of these cars is just what you're looking for!

SEC. DULLES A LIAR, CORSI CHARGES AS FEUD BOILS

WASHINGTON (AP)—Secretary of State Dulles swapped hot accusations Tuesday with Edward J. Corsi, his onetime good friend whom he fired as his immigration expert.

Dulles told a near-record news conference Corsi was guilty of reckless charges in denouncing the department's handling of a program to admit refugees to the United States.

Walter Attacks Involved

Corsi indignantly fired back that Dulles lied when he claimed Corsi's ouster Sunday was in no way influenced by frequent attacks on him by Rep. Walter (D-Pa.).

"It's a whole string of falsehoods," Corsi retorted. "I am terribly shocked and astounded that a man like Dulles for whom I had such respect could stoop so low to defend himself and the incompetent administration of Scott McLeod."

McLeod is the State Department security chief who operates the refugee law. In turning down Dulles' offer of a new job Monday, Corsi also struck out at McLeod, saying McLeod wanted him to serve as "stooge" to alibi what he called failures in the refugee program.

May Hurt GOP

The bitterness of feeling in the whole situation caused some Republican consideration of its political effects. Corsi, a native of Italy who rose to high position in New York State politics, has been some-

thing of a symbol to fellow Italian-Americans.

The Columbia Republican League of New York, protesting Corsi's firing, said there are 1,400,000 New York voters of Italian extraction and this case may cause many of them to lose confidence in the Republican party.

Republican National Chairman Leonard Hall Monday urged Corsi to stay on in the administration. Dulles had offered him a substitute job.

Walter Moves In

Rep. Walter, after a week-long silence, moved back into the picture Tuesday.

He accused Corsi of "very obvious deception" and praised Dulles as "one of the truly great men of our time" for forcing Corsi out of the department after a 90-day stay.

Nearly 200 reporters, plus other interested onlookers, crowded into the State Department Auditorium before noon to meet the secretary.

Sought To Take Over

Answering a rapid-fire volley of questions, Dulles said he dismissed Corsi because the New York Republican, who served 12 years as his state's industrial commissioner,

sought to circumvent the law and take over administration of the refugee program from McLeod.

Dulles said he could not allow such a maneuver, no matter how much he disliked the legislation, because, he said, Corsi was not qualified to handle painstaking administrative detail.

Corsi Denounces Remarks

At his home in nearby Arlington, Va., Corsi denounced Dulles' remarks and said they demonstrated a need for a complete congressional investigation of the entire refugee program. He also demanded that Dulles make public Corsi's recommendations for speeding up the flow of immigrants into this country.

Corsi particularly objected to Dulles' statement that Walter's attacks had nothing to do with Corsi's ouster.

"Dulles told me just the opposite right in his own office in the presence of his secretary, Mr. (Rodrick) O'Connor," Corsi said.

"He said he had to work in Congress with men like Walter and that if he did not it would endanger all his legislation."

Corsi also vigorously disputed Dulles' explanation that Corsi lacked enough administrative talent to continue in the department.

Corsi said his 25-year record for public service both in Washington and New York State directly refutes this.

Notice of Hearing on Report of City Planning Commission

Notice is hereby given that the City Council of the City of Lincoln, Nebraska, will hold a hearing on Monday, April 18, 1955, at 1:30 o'clock p.m., in the Council Chamber of the City Hall, to consider the following request for an additional use permit:

Request of Center Enterprises, of 418 Continental National Bank Building, Lincoln, Nebraska, for an additional use permit for the erection and maintenance of an outdoor theater on a part of Lot 6, of Irregular Tracts in the SE 1/4 of Section 22, T-10-N, R-7-E, Lancaster County, Nebraska, beginning at a point 511.25 feet north of the intersection of the "D" Street fence line and the 84th Street fence line, thence north 630 feet, thence west 630 feet, thence south 630 feet, thence east 630 feet to the place of beginning, which is outside the corporate limits of the said city but within three miles thereof.

THEO. H. BERG, City Clerk.

Notice to General Contractors

Sealed proposals will be received by the City of Lincoln, Nebraska, at the office of the City Clerk, Theo. H. Berg, until 10:00 o'clock a.m., Central Standard Time, April 18, 1955, at which time and place all proposals will be immediately and publicly opened and read, for the construction of the following subdivisions of work:

- (a) General Contract Work
- (b) Plumbing, Heating and Ventilating Work
- (c) Electric Wiring Work

The estimate of cost for this project is \$2,094,000.00.

A performance bond, equal to 100% of the contract price, shall be supplied by the successful bidder as a part of his contract. Each bid must be accompanied by a certified check or cashier's check, drawn on a bank which is insured by the Federal Deposit Insurance Corporation, in a sum equal to at least 5% of the amount bid, and made payable to Frank J. Miller, City Treasurer of Lincoln, Nebraska, as guarantee that the bidder to whom the award is made will enter into contract and furnish the required bond.

Detailed plans and specifications may be seen in the offices of the City Clerk, Director of Department of Parks, Public Property and Improvements; and the Consulting Engineers, Fulton & Cramer, 922 Trust Building, Lincoln, Nebraska. Bidders desiring plans and specifications for their individual use may obtain the same from the office of the Consulting Engineers upon a deposit of Ten Dollars per set. If such plans and specifications are returned to said Engineers in good condition, within 10 days after the contract award, a partial refund (not to exceed the cost of reproduction and mailing) will be made to unsuccessful bidders.

Bids made upon blanks other than those furnished with the Contract Documents, or exact duplicates thereof, will be rejected. The City reserves the right to reject any and all bids and to waive informalities in bids submitted.

The City also reserves the right to take up to 15 days for consideration of the bids received, during which time no bids may be withdrawn.

"Don't be Fat! Try Ayds and be slim."

...says Mrs. Gloria Vanderbilt

The AYDS Plan is a natural way to lose weight. Doctors proved AYDS best and safest in tests on 240 overweight women and men! AYDS users lost almost twice as many pounds as those using other products—and with no unpleasant "side effects"! AYDS is a delicious low-calorie candy, enriched with health-giving vitamins and minerals. Taken before meals as directed, it curbs your appetite. You automatically eat less and lose weight safely. Yet "langer

pangs" don't bother you! You're slimmer, lovelier in a few short weeks. In fact, you must lose weight with your first box (.298), or money refunded.

Take Ayds...first aid for overweight!
